

NEWS THIS MONTH

YOUR SOURCE FOR ALL THINGS ROCK-BREAKING

PASSING THE TORCH

If you have called the office recently you will have noticed a new voice. In the later half of December our beloved Donna chose to embark on a well deserved retirement. Having ran the office at Coogar for over 20 years, she had been a constant point of contact for our customers and suppliers alike. To describe Donna's contributions to Coogar Sales & Services over the years can be actually very simple, she was the rock that we could all lean on. Her attention to detail meant we always had the information we needed, no matter how small or how far back in

time it went. Her uncanny ability to have that information we needed even before we asked will be missed. I know that all of us will from time to time will ask ourselves, "What would Donna do?". She kept us all in check and in true fashion she made sure to leave us in good hands. As much as we are sad to see her go, we wish her all the best in the next phase of her life.

Our new office manager Renee Dynes is a great addition to our team and up to the task of taking over the reigns. So the next time you call the office, introduce yourself to Renee.

ISEE CONFERENCE WRAP UP

With an attendance of almost 1’800, the ISEE’s 50th Conference on Blasting Techniques was a great success. The host city of Savannah was a great and welcoming spot with a great nightlife and wonderful restaurants. The conference itself was a great event to highlight the best in the world of explosives engineering. With attendees from all over the world, we had a great

opportunity to highlight all that we offer to the explosives industry. If you are looking to expand your knowledge in the areas of blasting techniques, vibration control and see the newest products available to the industry you won’t want to miss next year’s conference in Cherokee North Carolina!

NXBURST TRAINING

With spring approaching, we are in the starting to plan our Nxburst training to start the season. As we have done for the past few years, we’ll be holding several training sessions

at the end of March and early April in Huntsville, Ontario. There has been a large demand for training over the winter so our training dates will be filling up fast. If you are interested in Nxburst training you can send us an email at training@coogarsales.com, sign-up using the link here, [Nxburst Training](#), or calling our office.
